## FOREWORD

The United States Information Service, New Delhi, is pleased to present its first Directory of Indian visitors to the United States who are now resident in Chandigarh, Delhi, Haryana, Himachal Pradesh, Jammu & Kashmir, Gwalior in M.P., Punjab, Rajasthan and Uttar Pradesh.

The Directory is divided into four parts :

- (1) A Master List, arranged by place of residence, gives information about the person. Names are alphabetized under State, district and town. The information provided in this entry includes (a) Name, (b) Position, (c) Address, (d) University affiliation in the U.S. and (e) date and auspices of U.S. visit. In some cases, not all the information is available or applicable.
- (2) A List by field of specialization provides an alphabetical list under various professional fields, *e.g.*, agriculture, law, engineering, etc.
- (3) A List by American university affiliation: American universities are arranged alphabetically, and those who studied or taught at particular institutions are listed alphabetically.
- (4) An Alphabetical List gives the name and the page number on which the principal entry occurs in the master list.

Because it has taken considerable time to compile and publish this Directory, not all of the information contained in it will be up-to-date. We would appreciate receiving any corrections for people listed and information on those persons who have been inadvertently omitted.

A Supplementary List of visitors is included covering those on whom information was received too late for listing in the classified sections of the Directory.
